The Personification of the Oracle

Understanding that the eight Virtues are derived from the three Principles of Truth, Love and Courage, there would be three Oracles. These three would oversee the organization, and serve as the direction and guidance for the Sages of Virtue and the Heralds. The Oracles, although having a focus, would also serve as the spokespeople of the organization. They would serve the Virtues through uplifting writings, inspirational sermons, and outreach to other organizations of Virtue.

The responsibilities of the Oracle include:

- Organization of Bi-Weekly meetings.
- Attending major community functions to promote HoA and its activities.
- Creating and initiating new programs and ideas.
- Creation of new lore, and promotion of new and current lore.
- Promotion of the virtues through sermons, missionary work, and events.
- Physical representation of HoA as a whole.
- Control and access of all in and out of game resources.

Oracle of Truth

The Oracle of Truth will oversee the collection of information in the realm. The Oracle of Truth will also collect and archive information on the machinations of the Dark Ones. The Oracle of Truth will oversee and inspire the actions of the Sages of Honesty, the Sages of Humility and the Sages of Justice.

The Personification of the
Sage

The second tier of this
organization involves the
Sages of Virtue. There is
one Sage representing
each of the Virtues, with
their own areas of
expertise and focus. And
for each Sage of Virtue
there is also a Co-Sage,
who assists the Sage and

with their individual

of the Virtues with the
greater community,
ushering in a new age, an
awakening of the spirit
for all people of the
realm.
